 FREE DELIVERY / MAIL ORDER PROGRAM

THE JOURNEY TO wellness can be difficult.
Which is why we go THE EXTRA MILE.

Whether you want your medication sent to your home, work, or doctor's office, we deliver quickly – and for free. This is especially important since the 30 - 90 day supply of medications we provide are not easily filled by local neighborhood pharmacies. All you have to do is sit back and relax. We've got you covered.

WE PERSONALIZE our services to exactly what you need.
When you NEED IT.

Our team goes above and beyond what is expected. We'll verify your prescription drug coverage, contact your physician on your behalf if additional medical information is necessary, and seek financial assistance if you can't afford your medications. Plus, we keep you in the loop every step of the way.

Here are some of our services designed to fit you:

- Counseling and education
- Side effect management
- Prescription drug verifications and insurance pre-authorizations
- Co-pay and financial assistance programs
- Proactive care coordination
- Nursing and social support in collaboration with the physician team
- Refill reminder services
- Free supplies as needed for treatment
- Therapy management programs
- 24/7 access to a clinical professional

We understand that when you are suffering from an illness, there are worries on your mind. You have questions that need answers, and we know a little kindness goes a long way to make you feel better.
