

Below you will find the time blocks that will need to be used to offer your **Fall and Spring** classes. Enrollment Services cannot enter any classes that deviate from these times unless an exception has been made between the Registrar, Provost and the Dean of the College offering the course.

By staying with these times, we will experience relief from the room shortages we have been experiencing. The time blocks ensure each class is meeting the required number of hours each week based on the number of credit hours a course is.

No classes are to be scheduled on Tuesdays between 12:30 to 2:00 p.m. to allow for student and faculty meetings/events.
