5. Read the following information:

Students are expected to complete all courses for a Lawrence Tech degree at the University once they have been admitted. Transfer credit is generally not given for courses taken at other institutions after enrollment at Lawrence Tech, unless those courses cannot be completed at the University. False statements or misrepresentations made as part of a guest credit request are considered violations of the Academic Honor Code/Student Code of Conduct and will be addressed accordingly. Any appeals in response to the denial of a guest credit request MUST be in writing and submitted back to Enrollment Services.

Students enrolled at Lawrence Tech may not take courses at other institutions after admission to Lawrence Tech and expect those credits to transfer without the prior written permission of the Credit Review Committee. Any courses taken in violation of this policy will be denied transfer or additional credit.

To be eligible for guest credit consideration, students must have:

1. Achieved a 2.0 GPA at Lawrence Tech;
2. Completed at least 24 credit hours or two semesters at Lawrence Tech;
3. Satisfied the Lawrence Tech prerequisites for the course(s) they wish to satisfy via coursework taken at another institution. If prerequisites are in progress for the requested course(s) at the time of submission of the Guest Credit Request form, a letter from the instructor(s) is required stating the student's grade in the course(s) as of that date and the instructor's assessment of the student's capability to continue successfully in the requested course.

Students must submit the Guest Credit Request form to Enrollment Services/Office of the Registrar at least one month before the desired course begins. The Credit Review Committee reviews each request individually. Enrollment Services will notify the student via email of the Committee's decision.

For courses approved for guest credit, the student must receive at least a 2.0 in the course to have it transfer back to Lawrence Tech. It is the student's responsibility to have the official transcript sent to Enrollment Services/Office of the Registrar at Lawrence Tech. Until the official transcript arrives, the credit will not be placed on the student's transcript. In addition, only the course will transfer to Lawrence Tech, not the grade. Lastly, approved guest credit courses may not be transferred back to Lawrence Tech to be used in grade point average recomputation. That is, any previous grades earned in that course at Lawrence Tech will remain part of the student's grade point average.

Additional considerations:

1. Guest credit will not be approved for any course offered at local community college if the equivalent class is offered in the same semester at Lawrence Tech.

GUEST CREDIT REQUEST

2. No more than one course in a single subject area may be satisfied via guest credit. For example, you may not request guest credit approval for both LLT1213 and LLT1223.
3. Guest credit will not be approved if it would result in the completion of all degree requirements in a single subject area to the exclusion of any LTU coursework in that subject area. For example, guest credit for LLT1223 will be denied if LLT1213 has been satisfied by transfer credit and no other LLT coursework is required within the student's major.
4. An online class is rightfully deemed unacceptable for guest credit approval if the corresponding LTU class is never offered online.

By signing this form, I confirm that I have read and understand the requirements for guest credit and agree to uphold the standards of Lawrence Technological University.
