

Below you will find the summer time blocks that departments will use when offering their courses starting Summer 2009. Enrollment Services cannot enter any classes that deviate from these times unless an exception has been made between the Registrar, Provost and the Dean of the College offering the course.

By staying with these times, we will experience relief from the room shortages we have been experiencing.

For **labs** and **studios** that meet at times other than the times we have listed above we ask that you please schedule them to encroach on as few time blocks as possible.

Departments may choose to offer Saturday classes including lectures and labs. We simple ask that they either start at the top or bottom of the hour.
